The *House & Garden* stand at Decorex was brimming with inspiring ideas from an array of Cape Town design talent

ALIDA NEL AND ILSE OCHSE

In the spirit of collaboration, Condé Nast *House & Garden* teamed up with a bright bunch of talented creatives for its stand at this year's Decorex Cape Town. Interior designer Dylan Thomaz of Studio Dylan Thomaz curated the space, incorporating striking wallpaper from Home Fabrics' Jungle Club collection, timber flooring from Forest Flooring, a rug from Mae Artisan Rugs, custom-made furniture from The New Modernist and artworks by Gabi Lee Smit of Dayfeels. The finishing touch was a massive floral arrangement by Alwijn Burger. On the opening morning, visitors enjoyed mimosas and mingled with the team. ■
