

Restaurant gets a complete revamp

Not only does the restaurant boast a stylish new look, its menu has also undergone a major revamp.

IN July this year Fairtree Capital took ownership of the San Lameer Resort Hotel and Spa. And with immediate effect decided to upgrade the iconic hotel's facilities.

Over the past few months the Lagoon Restaurant and Bar have undergone an expansive refurbishment and last Tuesday guests were invited to take a look at the renovations.

The restaurant's stylish interior is light with the focus on natural elements.

And to further enhance the experience, executive chef Eddie Dorasamy has created an exquisite menu that caters for all palates.

Signature dishes were served to the launch guests who unanimously gave their stamp of approval.

At the relaunch: San Lameer's Lagoon Restaurant was recently revamped and last Tuesday was its official relaunch. Architect Geraldine Heyns-Lodder (left) from Skop Studio with Nicci Lotriet (hotel acting general manager), Pine Pieneer (managing director San Lameer) and Joe Bester from Fairtree Capital.
